

Façade Grant Application

The following criteria and policy are used to determine if a project qualifies for a Main Street Statesboro Façade grant.

The nature of the grant is to collaborate with property owners or tenants that are interested in improving the appearance of their property from the street view.

Examples are buildings that need a fresh coat of paint or an awning improvement. Other allowances include prep work such as minor brick repair, pressure washing, and general exterior enhancements.

What is not covered in the grant:

The façade grant is not a maintenance grant. If the property has been neglected and needs repairs that will be the responsibility of the owner.

In the spirit of Historic Preservation, the grant will not assist in painting original or unpainted brick facades.

Things not included are roof, sidewalk, back entrances or sign repairs.

The grant does not include parking lot build out, expansions or repairs.

The grant does not assist in constructions or major renovations. Substantial alterations to buildings and/or additions are considered a construction project and do not qualify.

Façade Grant Application

Name: _____ Phone: _____

Name of Business: _____

Mailing Address: _____

Email Address: _____

Property Street Address for Façade Improvement:

Are you the property or business owner? _____
